

Dear Doctor,

This is page 1 of 3 pages. You are being asked to examine this candidate for a racing licence from ASN Canada FIA. If you find the candidate physically and psychologically fit, and they pass their other tests, the candidate will then be granted a licence that will enable them to drive a competition vehicle at extremely high speeds under the most exacting conditions.

Please, therefore, examine the candidate carefully and critically, and recommend them only if you are completely satisfied in all respects. You will thus be doing not only the applicant, but also our sport, a service by conducting this examination as carefully as possible.
